

PROFILE

Full stack web developer looking to integrate into an existing, collaborative web development team by leveraging my creativity, organizational acumen, and 10 years of experience as a music educator. Skillfully meeting the needs of students, parents and school administrations simultaneously has given me the advantage of experience in positions that require balancing the needs of multiple clients, both internal and external. Web development has been a passion of mine for several years and I look forward to furthering my experience in the field.
